Dear Francisco Frisuelos:

I am writing this reference at the request of Juan Casado Ballesteros, who is applying for a position at CIEE. Juan has successfully completed the Data Structured course demonstrating great technical and theoretical knowledge over the subject at the Alcalá de Henares University. Currently is scholarship by the Computer Science department of the Alcalá de Henares University and is collaborating on researching projects.

I would highly recommend Juan for this teacher position. If you need any additional information, feel free to contact me anytime.

Sincerely,

Abdelhamid Tayebi Tayebi
